## Diamond Coating

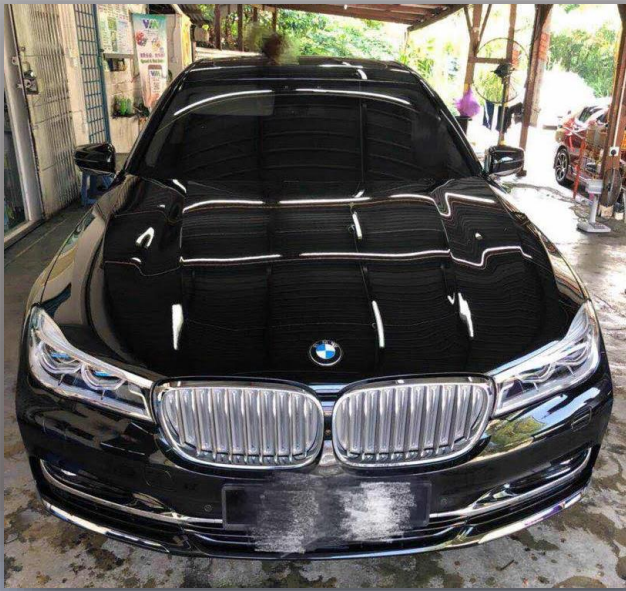

### The benefits of Diamond coating:

- ✓ Removes dirt, tar and all residues  
Eliminates oxidation effects and restores the paint's maximum shine
- ✓ Protects against the sun's harmful UV rays
- ✓ Requires maintenance
- ✓ When it comes to preserving the value and appearance of your vehicle
- ✓ Restores the paint's original luster
- ✓ Its hydrophobic effect beads water
- ✓ Protects the paint against abrasive environmental elements such as contaminants, oxidation and even acid rain
